

WOODFIELD COMMUNITY ASSOCIATION, INC.

PROPANE TANK GUIDELINES

1. Any exterior propane tank installation must meet National and County safety criteria.
2. The exterior propane tank shall be painted the base color of the house.
3. A hedge of viburnum* shall be planted at the time of installation to camouflage the tank from the street and from adjacent homeowners.

* Size of planting will be based on the size of proposed tank to be installed.

Approved: 05/07/01

Revised: 01/01/04
