

WOODFIELD COMMUNITY ASSOCIATION, INC.

SATELLITE DISH/ANTENNA GUIDELINES

1. No application need be filed with the Property Manager prior to installation of a satellite dish that complies with the federal Telecommunications Act of 1996, which regulates satellite dishes not exceeding one (1) meter in diameter.
2. When possible, satellite dish antennas should be placed where they are not visible from the street.
3. All required cables and service boxes shall be painted the base color of the house and where they interface with the trim, shall be painted the color of the trim.
4. Antennas for AM/FM radio, amateur (Ham) radio, Citizen's Band (CB) radio, radio or Digital Radio Services (DARS) are not permitted.
