

Announcement of Board Leadership Changes

At last night's Woodfield Board of Directors meeting, President Jorge Andino announced several changes to the Board's officer positions. The Board unanimously approved the following appointments:

David John – President
Tanya Santiago – Vice President
Aaron Bridgewater – Treasurer
Ted Westacott – Secretary
Jorge Andino – Director at Large

I would like to take this opportunity to personally thank Jorge for his 10 years of dedicated service to the Woodfield Board of Directors.

Jorge played a key role in strengthening our community by organizing and implementing the Design Review Committee (DRC) and Covenants Review Committee (CRC), creating a consistent process for maintaining the quality and appearance of our neighborhood. Throughout his years of service, he has worked tirelessly to preserve Woodfield's beauty while helping keep our HOA dues among the lowest in Pinellas County.

Although Jorge is stepping down as President, I am pleased that he will remain an active member of the Board as our Director at Large. His experience, knowledge, and commitment to Woodfield will continue to be a valuable asset to our community.

On behalf of the entire Board, thank you, Jorge, for your years of leadership and dedication.

As your new President, I look forward to working with the Board and our homeowners to continue building on the strong foundation that has been established. Our focus will remain on transparent communication, responsible financial management, protecting our property values, and making Woodfield an even better place to live.

David John
